Preface

Distinguished cutlery since 1924

ETERNUM is a Belgian family business, with headquarters in Gembloux. Since 1924, our company has focused on the creation, production and sale of stainless steel cutlery and tableware. We have made it our core business, while renewing our collections from year to year with new and unique designs.

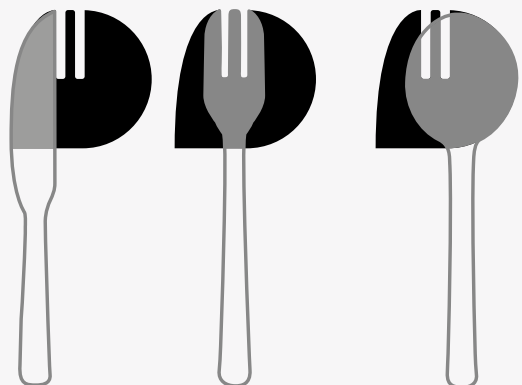

Our high quality products are destined for both private customers, and the hospitality and catering industry. Our collection includes more than 50 different models and approximately 150 pieces of stainless steel tableware. We regularly work with designers experienced in the art of tableware, such as Louis de Limbourg or Nick Holland, to offer original products.

In the interest of customer satisfaction, we offer a tailor made approach, providing the option to add a finishing touch to our cutlery according to customer preferences. ETERNUM offers a polished, satin, or vintage finish, as well as colourway personalisation such as champagne, copper, black, etc.

As a business on a human scale, ETERNUM can rapidly respond to different requests. Its excellent service levels and speed of delivery are unanimously acknowledged by its clients.

eternum

Our cutlery and tableware bear the Latin name ETERNUM, which means “forever”. This refers to the indestructible quality of our stainless steel products. Our logo is formed of an elegant combination of a knife, a fork and a spoon.

Today, ETERNUM has a global presence, exporting to more than 70 countries on 5 continents, via a network of distributors and local representatives.

High quality hot forging

Cento

To celebrate its centenary, Eternum introduced Cento. A unique design by Nick Holland, which marks Eternum's craftsmanship and expertise: thanks to the hot forged technology, it was possible to create the central line raised and keep it extended all the way to the bottom of the stem, giving Cento its uniqueness.

Alaska

Alaska stands out because of its pure lines and the unique design of the knife. This series also includes a number of original cutlery pieces such as a spaghetti spoon and fork, whose handle length and tine shape makes it easy to roll up your spaghetti.

Sienna

Designed by Belgian designer Vincent Jalet, Sienna draws its inspiration from the majestic curves of Sienna's famous Piazza del Campo in Italy.

With its matt-brushed handle highlighted by a delicate central relief line, contrasted by a mirror-polished finish on the head section, Sienna perfectly balances modern elegance and timeless charm.

New blades : Micro-serration

At Eternum, we're always keen to combine cutting performance with aesthetic elegance, values at the heart of our expertise. With this in mind, we have redesigned certain models in our models to offer an even more satisfying tasting experience.

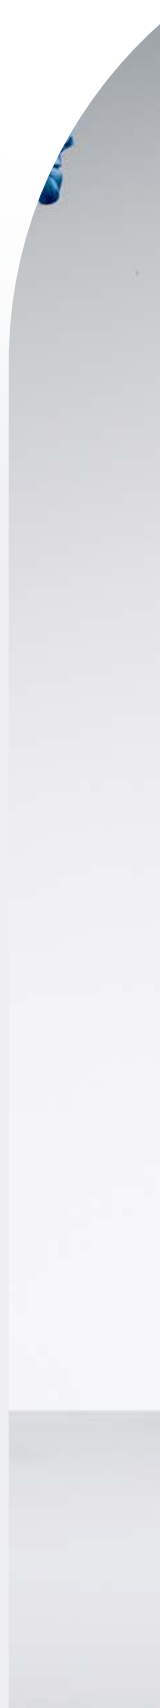

We've replaced the traditional teeth with an innovative new micro-serration, developed using cutting-edge technology. This evolution offers a clean, precise cut while retaining a harmonious aesthetic appearance, perfectly in tune with the Eternum standards.

With this new finish, Eternum products not only guarantees impeccable performance, but also a design that enhances your table.

Gastronum

Elegant and timeless, Gastronum accessories make it possible to set the most beautiful tables. Made of stainless steel, the collection complements the range of ETERNUM cutlery.
